General Outline

Short title

*Environment and Heritage Protection Legislation (Fees) Amendment Regulation
(No. 1) 2015*

Authorising law

Section 167 of the *Coastal Protection and Management Act 1995*

Section 580 of the *Environmental Protection Act 1994*

Section 175 of the *Nature Conservation Act 1992*

Section 178 of the *Queensland Heritage Act 1992*

Section 271 of the *Waste Reduction and Recycling Act 2011*

Policy objectives and the reasons for them

The objective of the amendment regulation is to index regulatory fees for the Department of Environment and Heritage Protection for 2015-16. These regulatory fees have been subject to the annual review required under Government policy and then indexed by the approved Government indexation factor, which Queensland Treasury has advised to be 3.5% for 2015-16.

The indexed fees have been rounded in accordance with the department's current rounding policy.

Achievement of policy objectives

This amendment regulation will achieve its objective by increasing fees and charges under the subordinate legislation administered by the Department of Environment and Heritage Protection. The government indexation factor of 3.5% has been applied.

Consistency with policy objectives of authorising law

The amendment regulation is consistent with the objective of the authorising Acts.

Inconsistency with policy objectives of other legislation

The amendment regulation is not inconsistent with any policy objectives of any legislation.

Benefits and costs of implementation

The indexation of fees provides a mechanism understood by the community and industry to maintain price relativity, aiding the government in formulating the state and departmental budgets.

There are no additional costs associated with implementing the regulation.

Consistency with fundamental legislative principles

The amendment regulation is consistent with fundamental legislative principles.

Consultation

Consultation has been undertaken with the Office of Best Practice Regulation, in determining that the amendment was excluded from the requirement to undertake a Regulatory Impact Statement.
