Premier and Minister for the Arts

PREMIER

- ✗ Broke Labor's pre-election promise not to sell assets by announcing billions of dollars worth of land sales
- ✗ Broke a pre-election promise of no new or increased taxes by introducing a new tax on property and increasing the tax on the average Queenslanders by \$59 each year
- ✗ Promised not to abuse the processes of the Parliament – but gave just 18 minutes' notice before changing the State's entire voting system in a move designed to shore up their preference deals with the Greens at the next election
- ✗ Failed to deliver on her pre-election promise to only hire staff through "merit based selections" by hand-picking her own chief bureaucrat and dumping merit-based selection processes to appoint the Chair of Jobs Queensland
- ✗ Promised Queenslanders that Labor would save taxpayers millions of dollars by reducing the number of Ministers. Within 12 months this commitment was axed and three additional Ministers appointed
- ✗ Stood by the Child Safety Minister who oversaw systemic failures in the Child Safety department and refused to stand aside the Transport Minister over the Queensland Rail timetable meltdown
- ✗ Undermined the principle of Ministerial accountability. Rather than sacking the Ministers responsible for gross maladministration of their Departments "scapegoated" public servants instead
- ✗ In the highly sensitive police portfolio the Premier appointed a Minister who was found by the Parliament to be "reckless"
- ✗ Destroyed her pre-election promise to adhere to the Fitzgerald principles by appointing Labor mates like former Premier Peter Beattie and Terry Mackenroth to lucrative tax-payer funded Board positions

- ✗ Oversaw the lowest infrastructure spend in Queensland's history
- ✗ Failed to start construction on the Cross River Rail project which Labor claims is it's No 1 infrastructure priority - a project which Annastacia Palaszczuk said was shovel-ready in 2013
- ✗ Hid six secretly developed new tax proposals of \$5 billion to pay for the Cross River Rail project including congestion charges and taxes on nearby local residents
- ✗ Announced the Cross River Rail project forgetting to include the cost of the new trains
- ✗ Used her Ministerial call-in powers to threaten the future of projects and developments in her own electorate, creating uncertainty for hundreds of construction workers
