Police and Other Legislation (Identity and Biometric Capability) Amendment Biii 2018

Dear Mr. Russo

We act for Coolangatta Liquor Accord and write in late submission to the Police and Other Legislation (Identity and Biometric Capability) Amendment Bill 2018. We sincerely apologise for the late entry as the notice to provide submission has just been bought to our attention through a third party.

We specifically write in relation to proposed amendments to the Liquor Act 1992 for liquor trading arrangements for the 2018 Commonwealth Games. We respectfully request careful consideration be given to Coolangatta to also extend their trading hours by 1 hour during the games period 3 April 2018 to 17 April 2018 Inclusive

There are 78 licensed venues in Coolangatta (see further summary attached) with consistent scheduled games in the Coolangatta / Currumbin area including Volleyball, athletics and cycling. We note a number of evenings, where the games do not finish until 10:00pm or later (see further schedule of events attached)

It is expected that there will be an extraordinary influx of people into the area and extended trading hours are required for venues in this area to support the Commonwealth Games by providing an appropriate level of hospitality. In addition, the hours are required for licensees to manage patron dispersal.

We respectfully request Coolangatta and Currumbin be included in the 1 hour license extension during the games period. However, because Coolangatta is not yet an established SNP, we ask that they be exempted from ID scanning regulation as it is not possible for licensees to install linked network scanners in the time frame provided.

It is the intention of Coolangatta Liquor Accord to lobby to designate Coolangatta as a designated SNP as soon as possible.

Thank you for the opportunity to comment on the bill

Yours Faithfully,

Miss Melynda Robinson Consultant
