**Inquiry into coal mining industry safety**

The Chair of the Transport and Resources Committee would like to correct a typographic error in the committee's 'Report No. 29, 57<sup>th</sup> Parliament – Inquiry into coal mining industry safety', which was tabled on 16 February 2023.

On page 7, the sentence which reads:

Additionally, during 2021-2022, 1541 workers sustained injuries that required treatment as a hospital inpatient, including specialised and intensive care, and a further 592 cases of mine dust lung disease were reported.

should be replaced with-
