

Question on Notice
No. 1868
Asked on 24 November 2009

Ms Davis asked the Minister for Education and Training (Mr Wilson) —

QUESTION:

Will the Minister provide a list of all Queensland State Schools that have had asbestos removal projects in the last 12 months and list the cost of each of the projects separately?

ANSWER:

I thank the Member for her question.

Asbestos containing materials in schools are managed in compliance with the State Government's Asbestos Management and Control Policy for Government Buildings.

It is the policy of the Department of Education and Training to remove asbestos containing materials if they are determined to be at risk, based on advice from the Department of Public Works and independent experts working in the field.

The attached table provides details of asbestos removal projects conducted through dedicated asbestos removal programs.

It should be noted that asbestos removal also occurs through capital works projects. In these instances, the cost of the asbestos removal forms part of the overall project budget and is not recorded as a separate project.

The Queensland Government treats asbestos in schools as a serious issue. To ensure the safety of staff and students is maintained at the highest level, the Government has commissioned a review by an independent building expert, Mr John Gaskin.

Table 1 – Maintenance

School	Project Cost (Ex GST)
Acacia Ridge State School	\$19,376
Acacia Ridge State School	\$5,391
Acacia Ridge State School	\$5,391
Aitkenvale State School	\$13,766
Alexandra Hills State School	\$48,020
