MR CRIPPS asked the Minister for Government Services, Building Industry and Information and Communication Technology (MR FINN)-

QUESTION:

With reference to instances where there has been notification of exposed or unstable asbestos, will the Minister advise (in table format, by school) –

1. What actions were taken over the recent Christmas school holidays to remove and/or rectify asbestos issues?
2. Whether or not each instance has been rectified and if not, by what date is it expected to be rectified?

ANSWER

QBuild undertakes programmed work under the Department of Education and Training's Asbestos Removal Program and other asbestos removal projects as requested.

The delivery of projects by QBuild is organised and scheduled in consultation with the Department of Education and Training. As with any building project, completion timeframes are dependent upon variables such as the weather.

Of the programmed asbestos removal works scheduled for the December 2010 – January 2011 school holiday period, and additional asbestos removal projects requested by the Department of Education and Training, QBuild has completed projects at 124 schools.
