

**Question on Notice
No. 307
Asked on 20 June 2012**

MR WELLINGTON asked the Premier (MR NEWMAN)—

With reference to the Premier's answer to Question on Notice No. 117 and noting the Premier has not raised this matter with the Federal Government for priority funding—

Does the Premier intend to at any stage raise the request for priority funding of this duplication of the railway line from Landsborough to Nambour with the Federal Government?

ANSWER:

I thank the Member for Nicklin for the question.

As previously advised, the Government has not specifically raised the Landsborough to Nambour railway duplication with the Federal Government.

As you are aware, this Government is currently reviewing the State's financial position, and investments in the rail network, including duplication from Landsborough to Nambour, will need to be considered in the context of overall investment priorities for the State.

The Queensland Budget will be handed down on 11 September 2012. The budget papers will outline my Government's investment priorities.
