**SALLY-ANNE ATKINSON AO:-**

Ms Sally-Anne Atkinson AO was appointed as Special Representative for Queensland to South East Asia on a part-time basis in January 2000.

Priority sectors for Ms Atkinson include: Singapore, Thailand, Malaysia and Indonesia.

Ms Atkinson's total expenditure on her corporate credit card for the period March 2001 to June 2004 is A\$24,330.41.

## **SALLYANNE ATKINSON AO – SPECIAL REPRESENTATIVE**

- Ms Sallyanne Atkinson AO was appointed as Special Representative for Queensland to South East Asia on a part-time basis (minimum of 130 days per annum) in January 2000.
- Priority sectors for Ms Atkinson during 2003-04 include: Singapore, Thailand, Malaysia and Indonesia.
- Ms Atkinson's role in this position is to broaden the representation of Queensland's overseas interests with a particular focus on identifying and developing trade and investment opportunities, and providing high-level strategic advice to the Premier, senior Queensland Government Ministers and officials, and business people.
- Ms Atkinson has been involved in a number of Trade Missions to key markets in the South-East Asia region. A specific focus in this position is to build and maintain relationships with senior Government and business contacts in these markets in order to further develop trade and investment opportunities. Ms Atkinson has participated in missions to:
  - Malaysia, Thailand and Singapore (7 to 15 September 2003)
  - Bangkok and Singapore (29 May to 5 June 2004)
- Due to the difficulties caused by security related travel warnings, avian influenza and the SARS pandemic, some of Ms Atkinson's scheduled activities have been cancelled, postponed, or otherwise affected over the last twelve months.
- Outcomes of Ms Atkinson's activities in 2003/2004 include:
  - Ms Atkinson visited Thailand and Singapore in late May 2004. One of the key aims of this visit was to explore the potential to build a business relationship with the CP (Charoen Pokhpand) Group in Thailand;
  - Promotion of Queensland's automotive aftermarket sector by hosting a videoconference between Bangkok and Brisbane in conjunction with a Queensland Automotive Aftercare Showcase held at the Australian Embassy in Bangkok from 8-30 September 2003;
  - Continuous contact with the local Business Councils in each of the major countries in South East Asia – Indonesia, Thailand, Malaysia, Singapore, Philippines and Brunei;
  - Briefing of business and Government personnel contacts who are either travelling to, or working in the region;
  - Meeting with visiting dignitaries, business and Government representatives from the region (including representatives of the South East Asian countries' Embassies and High Commissions in Canberra and Trade Offices in Sydney);
  - Working with Investment Division in the Department of State Development and Innovation to assist in the attraction of business to Queensland, primarily from Singapore, in targeted sectors in which Queensland has a competitive advantage.

**COMMISSIONER LEE:-**

Commissioner Simon Lee is the Commissioner for the QGTIO Hong Kong and Southern China.

Commissioner Lee's total expenditure on his corporate credit card for the period October 2002 to May 2004 is A\$6,096.27.

## OVERSEAS OFFICE ACHIEVEMENTS – QGTIO HONG KONG AND SOUTH CHINA

- My Government's Trade and Investment Office (QGTIO) in Hong Kong is one of nine that currently comprise our global business network, designed to provide increased access to international market opportunities for Queensland business.
- This Office was opened in May 1991 to focus greater attention on the rapidly growing Asian markets. The Hong Kong Office currently has a staff of eight, including an International Business Cadet.
- QGTIO Hong Kong & Southern China identified Hong Kong investor, Security Concepts Ltd that resulted in a total investment of A\$30M into its flat sheet glass manufacturing facilities at the Yatala Industrial Estate. The first of four factories is currently being built at a cost of A\$4.5M.
- Birkdale Nursery established the first ever Queensland nursery in Zhuhai, Guangdong, and has secured a multi-million dollar contract to supply Queensland horticulture products to the Disney Theme Park in Hong Kong. QGTIO Hong Kong & Southern China established relationships with the Disney Theme Park, arranged introductions and subsequent meetings and provided information on quarantine issues regarding the importing of plants to Hong Kong and China.
- QGTIO Hong Kong & Southern China has provided extensive support to Queensland Rail (QR) throughout the tendering process to secure a supply contract for a new rail line in Hong Kong. The contract is valued at approximately A\$35M and builds on QGTIO Hong Kong & Southern China and Queensland Rail's previous achievements of A\$160M in the region.
- QGTIO Hong Kong and Southern China assisted in the preparation of an ICT Mission, which included seven Queensland companies, to the Hong Kong ICT Expo in April 2004. Projects involving consulting services, licensee partnerships and a government tender amounting to A\$5M over the next twelve months are being targeted.
- Global Business Expansions were provided with marketing assistance by QGTIO Hong Kong & Southern China for the sale of their ICT products. A contract with Venetian Casino, Macau was secured and estimated to be valued at A\$0.6M.
- QGTIO Hong Kong & Southern China identified end users for the Department of Public Works in supplying risk management software to the Hong Kong Government. The contract is valued at approximately A\$0.018M.
- A leading Queensland chemical firm, NanoChem, was assisted to commence trial orders into China with a Chinese chemical company. QGTIO Hong Kong & Southern China identified the buyer and assisted in business negotiations that resulted in sales valued at A\$0.015M.
- QGTIO Hong Kong and Southern China has strongly promoted Queensland's racing industry to the Hong Kong industry representatives. This year the office assisted in

securing an Australian visa for a leading Hong Kong horse trainer to attend the Magic Millions sales on the Gold Coast, in which over A\$2M in sales resulted.

- In 2003-04, QGTIO Hong Kong and Southern China continued to promote Queensland's education capabilities resulting in over A\$10M in contracts being awarded to Queensland businesses. The value of these contracts will continue to grow as a result of the partnerships established with renowned educational institutes by QGTIO Hong Kong & Southern China.
- The QGTIO Hong Kong & Southern China identified and assisted the University of Southern Queensland in the signing of an agreement for a joint delivery of a Master Degree of Nursing Program at the Hong Kong College of Technology. The first intake of 30 enrolments is expected in November 2004.
- My Government, through QGTIO Hong Kong and Southern China, is committed to providing trade and investment advice to business and government to enhance Queensland's trading position.

**COMMISSIONER WARDROBE:-**

Commissioner Robert Wardrobe is the Commissioner for the QGTIO Indonesia. He took up this post in April 2004.

Commissioner Wardrobe's total expenditure on his corporate credit card for the period March 2004 to May 2004 is A\$11,035.61.

## OVERSEAS OFFICE ACHIEVEMENTS – QGTIO INDONESIA (JAKARTA)

- My Government's Trade and Investment Office in Jakarta is one of nine that currently comprise our global business network, designed to provide increased access to international market opportunities for Queensland.
- This Office was opened in June 1997 and currently has five staff members.
- During 2003-04 the Jakarta Office was not operating for a number of months due to security concerns. The Commissioner was recalled to Brisbane in early August and returned to Jakarta in October 2003. The former Commissioner then completed his contract in April 2004 and the new Commissioner took up the post in late April.
- QGTIO Jakarta has continued to actively work with Queensland education institutions, which have an interest in the Indonesian market. Education contracts worth A\$0.13M have been secured.
- QGTIO Jakarta worked with the Central Queensland Institute of TAFE (CQIT) to deliver Certificate courses in Balikpapan for the City Polytechnic. The estimated value of three contracts is A\$0.125M in the first year.
- Furthermore, QGTIO Jakarta introduced a Queensland Consortium that included Queensland Sugar (QS) Limited, SRI and Connell Wagner to Bulog, a National Logistics Agency. The consortium subsequently has been appointed to undertake a feasibility study valued at over A\$0.25M for the construction of a sugar refinery in East Java.
- During 2003-04 QGTIO Jakarta referred an Indonesian buying group to the Department of Primary Industries and Fisheries Global Beef Export Division. A series of orders have been received that will total 5 containers of offal per month. The approximate value of these orders is A\$1.2M.
- In 2004-05 my Government, through QGTIO Jakarta, is committed to providing trade and investment advice to business and Government to enhance Queensland's position in Indonesia.

17/8/04

**The Hon Bob Gibbs – Corporate Credit Card Expenditure**

- The Hon Bob Gibbs corporate credit card expenditure is higher than that of the other Commissioners because:
  - as the Commissioner, Queensland Government Trade and Investment Office (QGTIO) - The Americas, he is responsible for the USA, Canada and Central and South America. As such, he is required to travel extensively.
  - The Honourable the Premier and Minister for Trade has visited the USA every year to attend BIO. The Hon Bob Gibbs has been responsible for arranging the activities associated with BIO to promote Queensland. He pays for many of these costs on his corporate credit card. (The Honourable the Premier has not visited other markets every year).
  - The fluctuation of the currency exchange rates has had an impact on the Australian dollar value of his expenditure eg. during the period Mr Gibbs has been Commissioner (January 2000 – present), the exchange rate has fluctuated from a low of A\$1.00 = US\$0.512 to a high of A\$1.00 = US\$0.715.
  - payment by corporate credit card is more widely accepted in the USA and is the preferred manner of payment for QGTIO - The Americas.

**COMMISSIONER GIBBS:-**

Commissioner Bob Gibbs is the Commissioner for the QGTIO The Americas.

Commissioner Gibbs' expenditure on his corporate credit card for the period March 2001 to June 2004 is A\$227,100.63.

## **OVERSEAS OFFICE ACHIEVEMENTS – QGTIO THE AMERICAS**

- My Government's Trade and Investment Office in Los Angeles is one of nine that currently comprise our global business network, designed to provide increased access to international market opportunities for Queensland.
- The Office was originally opened in 1987 but was soon closed and subsequently reopened in 1996. The Commissioner has responsibility for the United States, Canada and Central and South America. There is currently a staff of eight including two International Business Cadets.
- Achievements attributed to The Americas Office in 2003/04 include:-
- The coordination of the Queensland Government's involvement in BIO 2004 in San Francisco and interaction with US-based biotechnology companies. A Queensland delegation of 40 companies and research organisations attended BIO 2004.
- Following BIO 2003 in Washington, QGTIO - The Americas continues to work closely with Queensland companies to achieve anticipated sales of up to US\$24.75M over the next two years.
- The provision of in market assistance and support to Queensland company Peplin Biotech Pty Ltd (Peplin). Peplin and its collaborators are developing a prescription drug for non-melanoma skin cancer. Peplin is already receiving payments from US pharmaceutical giant, Allergan, for continuing research and will receive \$A2 M in 2004.
- Ongoing support to the Queensland biotechnology industry through its active licensing support service, which is assisting companies Progen Industries, Alchemia and CBio to achieve out-license partnerships with US biotechnology and pharmaceutical companies.
- Organising the first meeting of the Queensland North America Biotechnology Advisory Council in January 2004. The Council's US members are helping to increase the probability of successfully raising finance for Queensland companies' biotechnology projects. The Council will work closely with the newly formed Queensland Biotechnology Advisory Council based in Brisbane and chaired by the Queensland Chief Scientist, Professor Peter Andrews AO.
- Providing assistance to Vigil Systems, a Brisbane-based technology company, to secure two new contracts. One is a pilot project to supply LA Metro with the technology requirements to train and monitor drivers. This deal is worth A\$0.02M with the potential to return orders of A\$0.25M a year. The second contract is with Central Ohio Transit Authority (COTA) in Ohio and is worth A\$0.025M.
- The first phase of the South America Mining Initiative, with strong support by QGTIO The Americas, was completed in December 2003, delivering A\$23.4M in exports of mining products and services. This exceeded the project's target of A\$20M. The initiative was extended for a further two year period with a new target of A\$35M for Phase II.

- QGTIO The Americas was instrumental in the developing an MOU with the State of Minas Gerais (min-as jer-l-es) in Brazil in July 2003. The MOU is focussed on technical cooperation in the mining and environmental areas. The intention is to increase trade between Queensland and the State of Minas Gerais by promoting sustainable and environmentally-responsible mining.
- A further sub-agreement was signed with a major steel producer, Acominas Corporation, Brazil. As part of the sub-agreement, an officer from the Environmental Protection Agency is undertaking a one year placement with Acominas to assist the company with their environmental issues and to promote Queensland mining technologies and services.
- The ICT Fast Track Program for the United States launched late last year has assisted market-ready exporters to successfully enter North American markets. Through the provision of in-market research and facilitation, the Project has achieved in excess of A\$1.9M in export sales.
- My Government, through QGTIO The Americas, is committed to providing trade and investment advice to business and government to enhance Queensland's position in North and South America.

# CORPORATE CREDIT CARD STATEMENTS - B GIBBS

Statements for the period March 2001 - June 2004

## TOTALS OF STATEMENTS - AUSTRALIAN DOLLARS

Airfares	Taxis	Accommodation	Meals	Fuel	Hire Car	Telephone	Misc	Statement Total	Recoverables	Total Amount Met by Department
127,590.49	159.00	65,823.15	23,198.16	10,020.25			309.58	227,100.63	-1,509.63	225,591.00

### Foot Notes:

- 1 The total amount includes recoverable costs which have been receipted by the QGTIO - The Americas. (ie. small amounts repaid by Bob Gibbs when meal and hospitality costs exceed the allowable limits).
- 2 During BIO 2002, the QGTIO - The Americas covered half the cost of the accommodation costs associated with Mr Matthew Franklin, Political Correspondent, Courier Mail, whilst he was travelling with the Premier during his visit to Toronto Canada for BIO 2002. This expenditure was met by Mr Gibb's Corporate Credit Card - CAD\$510.72; (USD\$331.81); (AUD\$585.64)
- 3 Misc expenditure includes items that could not be identified into appropriate expenditure categories based on the name of the suppliers as well as water whilst in South America and car parking at LAX
- 4 All expenditure met by the Department is legitimate and has been incurred in the performance of official duties. Some of the expenditure is related to Mr Gibbs's contractual entitlements (eg. return airfares to Australia for annual leave entitlement).
- 5 Some of the travel related costs, eg. accommodation and travel meal expenses include cost of the QGTIO staff who participated in the official trips with Mr Gibbs.
- 6 Meals includes expenditure on hospitality and entertainment as well as travel meals. Accommodation includes some expenditure on travel meals when charged to the hotel account as well as some hospitality and entertainment.
- 7 The fluctuation of the currency exchange rates had an impact on the Australian dollar value of the expenditure.
- 8 The average rates for the relevant years are as follows:  
 01/03/01 to 30/06/01 A\$1 = US\$0.512  
 01/07/01 to 30/06/02 A\$1 = US\$0.524  
 01/07/02 to 30/06/03 A\$1 = US\$0.585  
 01/07/03 to 01/06/04 A\$1 = US\$0.715

**THE HONOURABLE TOM BURNS:-**

The Honourable Tom Burns is the Chair of the Council. Mr Burns has contacts and networks at the highest level in China, developed over the past 30 years. He has used his unique insights and networks very effectively in the service of the State's trade and investment interests.

Council members support Queensland's engagement with China on several levels. This includes encouragement of inwards investment from China, advice to my Government on the renewal of Queensland's Sister State MOU with Shanghai and on potential new relationships with China, and practical advice to Queensland cities in the management of their relationships with Chinese cities.

The Honourable Tom Burns was appointed Special Representative to Vietnam in February 2001.

Vietnam is a relatively new market for Queensland and is being developed in accordance with initiatives set out in our Trade Strategy.

These development efforts have focused on increasing Queensland's exports in the areas of agriculture and agribusiness, tourism development, professional services and Information and Communication Technology (ICT).

The Honourable Tom Burn's total expenditure on his corporate credit card for the period March 2001 to May 2004 is A\$66,105.85.

## CHINA COUNCIL

- Members of the Queensland-China Council are successful business people or professionals who have a strategic understanding of the Queensland-China relationship, a high profile within the community and a detailed knowledge of the Peoples' Republic of China, including Hong Kong, and of Taiwan.
- Council members support Queensland's engagement with China on several levels. This includes encouragement of inwards investment from China, advice to my Government on the renewal of Queensland's Sister State MOU with Shanghai and on potential new relationships with China, and practical advice to Queensland cities in the management of their relationships with Chinese cities.
- The Honourable Tom Burns is the Chair of the Council. Mr Burns has contacts and networks at the highest level in China, developed over the past 30 years. He has used his unique insights and networks very effectively in the service of the State's trade and investment interests.
- Mr Burns travelled to China three times during 2003-04 to pursue business opportunities for Queensland, encourage inwards investment and to continue to build high level networks for Queensland in China.
- During his visit in August/September 2003, Mr Burns's activities included leading a business delegation to the annual trade fair in Xiamen (shee-ar-men), Maroochy Shire Council's sister city, pursuing investment in Queensland in the agricultural sector and promoting Queensland mining technologies in Yunan.
- On his visit in November 2003, Mr Burns represented me at the first International Water Conference in Sichuan Province, and in March 2004 his activities in-market included pursuing business opportunities arising from the upgrade of China's sports infrastructure and supporting a group of Queensland companies attending the China International Boat Show.
- In the course of his work as Chair of the Council, Mr Burns also promoted Queensland education providers in China, introduced a Queensland company to a major urban design opportunity in Nanhui, lobbied for protocol changes to facilitate Queensland meat exports to China and identified opportunities for technology exports in Shandong.
- A new three year term of the Queensland China Council begun on 1 July this year. Fifteen members from a range of community, government and industry organisations were appointed for the new term with another member from the tourism sector to be added shortly.
- The Queensland-China Council's valuable work continues to provide excellent support for the Government's trade and investment goals in China.

**Queensland China Council 2001-04**

**1 July 2004 – 30 June 2007**

**COMMISSIONER ZHANG:-**

17/8/04

Commissioner Zijian Zhang is the Commissioner for the QGTIO China.

Commissioner Zhang's total expenditure on his corporate credit card for the period February 2002 to May 2004 is A\$83,777.35.

## OVERSEAS OFFICE ACHIEVEMENTS – QGTIO CHINA (SHANGHAI)

- My Government's Trade and Investment Office in Shanghai is one of nine that currently comprise our global business network, designed to provide increased access to international market opportunities for Queensland.
- This Office was established in 1996 to better service the strongly emerging export market of mainland China, excluding certain southern provinces that come under the jurisdiction of QGTIO Hong Kong. The Shanghai Office currently has 15 staff, including two International Business Cadets and placements of five education and tourism officers.
- Significant outcomes have been achieved for Queensland in 2003-04 as a result of assistance provided by my Government in Shanghai.
  - QGTIO China continues to promote Queensland's capabilities in the education sector by generating an estimated A\$16M of business. These outcomes are a result of major activities such as the Queensland Education Exhibition Beijing, the 2nd Queensland-China Education Forum, the 3rd Queensland Cup Shanghai Student English Speech Competition as well as specific projects, including the offshore programs and training of education agents.
  - QGTIO China in collaboration with the State Development and Innovation Centre, Rockhampton and Austrade organised a Queensland Coal Mining Mission of 13 Queensland companies and a regional industries group, the Mackay Area Industry Network (MAIN) Group, to China from 27 October – 3 November 2003. As a result, a Queensland supplier has secured a US\$5M contract, rising to US\$7M in years two and three of the project, with the expectation of similar ongoing sales after that time.
- QGTIO China assisted Queensland companies, HOK Sports and Anti Wave International Pty Ltd, secure contracts in China. The contracts relate to supplying services and equipment for the Beijing National Stadium and National Sport Training Bureau project for the 2008 Beijing Olympics.
- QGTIO China, in collaboration with the Department of State Development and Innovation, organised an investment mission with the Jinchuan Group to Brisbane last September. This led to contracts to import industrial construction materials from Queensland firm, Space Frame, that was valued at A\$6.2M.
- My Government, through QGTIO China, is committed to providing trade and investment advice to business and Government to enhance Queensland's position in China.

**COMMISSIONER HUANG:-**

Commissioner Ronald Huang is the Commissioner for the QGTIO Taiwan.

Commissioner Huang's total expenditure on his corporate credit card for the period September 2002 to May 2004 is A\$14,275.23.

**OVERSEAS OFFICE ACHIEVEMENTS – QGTIO TAIWAN**

- My Government's Trade and Investment Office (QGTIO) in Taipei is one of nine that currently comprise our global business network, designed to provide increased access to international market opportunities for Queensland.
- This Office was opened in May 1991 to focus greater attention on the rapidly growing Asian markets. The Taipei Office currently has a staff of seven.
- In 2003-04 QGTIO Taiwan, through the delivery of Business Migration seminars, assisted 36 people investing approximately A\$27M in activities in Queensland.
- Through QGTIO Taiwan's ongoing promotion of the Queensland education sector, institutions have been assisted to win approximately A\$1.7M in additional contracts through study tours, student recruitment and a Taiwan Education Agents' Delegation that came to Queensland in February this year.
- Furthermore, QGTIO Taiwan assisted the Queensland University of Technology to increase the number of PhD students in its nursing program by initiating contact with Taiwanese education agents such as Frontier.
- During 2003-04 export contracts have been awarded to Queensland companies as a result of assistance provided by my Government in Taiwan. For example:
  - Rigid Steel Framing (Ipswich) was provided support by the QGTIO Taiwan in delivering a sample order to a Taiwanese construction company interested in steel frame housing. The sample order was valued at A\$0.035M.
  - Darling Downs Foods increased pork export sales to Taiwan through introductions conducted by QGTIO Taiwan. Pork sales to Taiwan by Darling Downs Foods exceeded A\$1M for the year and new product lines such as prime beef, seafood and fruit juice are now available in Taiwan.
  - Queensland company Food Channel exported prime beef cuts valued at A\$0.010M to Taiwan this year. The company also exported two additional shipments of beef valued at A\$0.025M to a supermarket promotion introductions provided by QGTIO Taiwan.
  - Finally introductions provided to Taiwanese buyers assisted Queensland companies Ballandean Estate Wines and Golden Circle to achieve new export sales of wine valued at A\$0.021M and fruit juice valued at A\$0.030M respectively.
- My Government, through QGTIO Taiwan, is committed to providing trade and investment advice to business and Government to enhance Queensland's position in Taiwan.

**COMMISSIONER MORIARTY:-**

Commissioner Stephen Moriarty was the acting Commissioner for the QGTIO Japan in the period following the departure of Commissioner Buchanan in May 2004 until the new Commissioner took up his role in July 2004.

Commissioner Moriarty's total expenditure on his corporate credit card for the period April 2004 to May 2004 is A\$441.59.

[illegible]

**COMMISSIONER BUCHANAN:-**

Commissioner Ross Buchanan was the former Commissioner for the QGTIO Japan.

Commissioner Buchanan's total expenditure on his corporate credit card for the period October 2001 to March 2004 is A\$11,454.56.

## OVERSEAS OFFICE ACHIEVEMENTS – QGTIO JAPAN (TOKYO AND OSAKA)

- My Government's Trade and Investment Offices (QGTIO) in Tokyo and Osaka are both part of the network of nine overseas offices that are designed to provide increased access to international market opportunities for Queensland business.
- Significant export contracts have been awarded to Queensland companies in 2003-04 as a result of assistance provided by my Government's Trade and Investment Office in Japan.
- Achievements attributed to the Tokyo Office include:
  - Providing ongoing assistance to Eurest Prepared Foods, which to date, has exported 400 tons of processed foods to Nissui and has recently finalised a new sales contract to supply 160 tons of new products. The overall value of these contracts is approximately A\$2.0M.
  - In-market assistance to Golden Circle which has led to the company exporting A\$5.5M in products to Kawasho, Costco Wholesale Japan and Fuji Supermarket in Ehime.
  - Through introductions and ongoing support provided by QGTIO Tokyo, Japan Consumer Cooperative Union, Asia's largest retailer has imported a significant volume of beef from John Dee Pty Ltd and Stockyard Pty Ltd. The export outcomes for Queensland are valued at A\$17.3M.
  - Raptis & Sons made A\$0.5M in sales of seafood products after being referred to Akebono Service Ltd by QGTIO Tokyo.
  - QGTIO Tokyo and Osaka introduced Matilda Fresh Foods Pty Ltd to importers that resulted in a sales contract to supply \$A1.7M worth of fresh broccoli to Tokyo and Osaka.
  - The Osaka Office has assisted a Queensland grain supplier in securing additional export sales of A\$1.6M.
  - The QGTIO Osaka assisted the University of Queensland (UQ) to enter a research agreement with Toyota Motor Corporation for polylactic acid for biodegradable plastics. While the agreement is worth around \$0.092M to UQ the benefits of working with such a high profile company is expected to produce greater outcomes in the future.
  - Bio Pharma was successful in providing A\$0.01M worth of bovine pituitary extract for cell culture to Japan in March 2004. QGTIO Osaka fielded inquiries from the Japanese buyer and placed them in contact with Bio Pharma.
  - The QGTIO Osaka office has prMitsui Chemicals placed orders with Queensland company NanoChem valued at A\$0.065M. QGTIO Osaka introduced the parties and provided assistance with correspondence, company visits and meetings

- Introductions initiated between Hosoda Mokuzai Kogyo in Tokyo and Bretts (Brisbane) resulted in an order being placed for spotted gum valued at A\$0.050M.
- QGTIO Tokyo was instrumental in arrangements leading to successful negotiations between Selected Seeds and Snow Brand Seeds of Japan for the supply of products valued at A\$0.6M.
- Providing ongoing assistance to Filtronic Comtek Australia which has continued to export cellular phone related products to Panasonic and NEC during the year. Export sales for the year are valued at A\$5M.
- QGTIO Tokyo and Osaka have consistently promoted Queensland's education capabilities with Japanese companies and provided advice and arrangements for students and organisers of study tours. QGTIO Tokyo also provided the logistics for Queensland education providers that attended the 2003 Education Roadshow in Japan. As a result of the assistance provided by QGTIO Tokyo and Osaka during 2003-04 approximately A\$4.5 M and A\$1.9M respectively in education exports have been achieved.
- The Kurata company in Shizuoka purchased approximately A\$1.05 M worth spotted gum timber and hardwood products from Queensland during the year after assistance was provided to the buyer from the QGTIO Osaka.
- The QGTIO Osaka provided assistance to Vic's Timber and Dressing which led to A\$0.34M cypress timber exports to Sanno in Osaka.
- My Government, through QGTIOs Tokyo and Osaka, is committed to providing trade and investment advice to Queensland business to enhance Queensland's position in Japan.

<b>TOTAL OF STATEMENT</b>				<b>11,454.56</b>	

**COMMISSIONER DAWSON:-**

Commissioner John Dawson is the Commissioner for the QGTIO Europe.

Commissioner Dawson's expenditure on his ANZ Visa corporate credit card for the period January 2002 to May 2004 is A\$23,363.35 and on his previous Barclaycard corporate credit card for the period April 2001 to December 2001 is A\$11,392 (GBP£4,060.77) giving a total expenditure of \$34,755.35.

## OVERSEAS OFFICE ACHIEVEMENTS – QGTIO EUROPE

- My Government's Trade and Investment Office (QGTIO) in London is one of nine that currently comprise our global business network, designed to provide increased access to international market opportunities for Queensland business.
- As a result of long term relationships established by the QGTIO Europe, in association with the Pacific Film and Television Commission (PFTC), my Government attracted productions that amounted to A\$22M in revenue to Queensland. QGTIO Europe continues to promote Queensland's capabilities in the film and television sector to the German and the UK markets.
- As a result of QGTIO Europe's strong relationship with Cloud 9, a leading global television production company, Cloud 9 has decided to establish a production base in Queensland. Its new facility is expected to create 100 jobs.
- QGTIO Europe identified and developed the opportunity to promote Queensland Indigenous Art at the prestigious Great Art Exhibition in Dusseldorf, Germany which showcased the work of 11 artists and resulted in the sale of 19 pieces of artwork.
- As a result of introductions made by QGTIO Europe, Queensland Biotechnology company Calthapharm Australia has signed a deal with UK importer Savant Distribution. Calthapharm Australia expects sales of A\$3.3M into the UK over the next three years.
- Fifty-one business migrants were successfully sponsored by Queensland to establish their business resulting in A\$51M in investment into Queensland.
- QGTIO Europe organised my meeting with Harvey Nichols department store in Knightsbridge, where Water Worldwide was introduced to the Harvey Nichols buyers. Harvey Nichols will now stock Water Worldwide bottled water products at their stores during an Australian promotion in September 2004.
- QGTIO Europe assisted the United Kingdom Sailing Academy (UKSA) to establish its new international centre at Mooloolaba. It has already generated A\$1M in turnover which will be reinvested in the Sunshine Coast. The UKSA plans to invest a further A\$0.4M in equipment. In 2004-05 it expects 300 international students to attend its six-week courses in Queensland, generating a turnover of approximately A\$2M.
- QGTIO Europe has formed a committee with the North Rhine Westphalian (NRW) Government in Germany to establish and develop projects in coal, renewable energies and power stations. NRW also announced they will be bringing a mission to the Queensland Mining Expo in 2004 to further engage Queensland business.
- QGTIO Europe assisted Medihoney's successful new product launch at the Queensland Government reception in London on 25 March 2004. UK National Health Service (NHS) are interested in this product area as a result.

- Queensland's growing aviation industry has been boosted through success in securing large scale defence projects. QGTIO Europe maintains continuing contact with European Aeronautical Defence and Space Company (EADS). EADS and Qantas Defence Services have chosen Queensland as the base for their A\$500M project for modification of A330 aircraft into refuelling tankers. This follows closely on Queensland being selected for the assembly and maintenance of EADS Eurocopter Tiger Helicopters for the Australian Defence Forces.
- Working with QGTIO Europe, UK ICT Company Achilles Information Ltd established its Australasian Head Office in Brisbane in May 2004. The company expects to employ 10 – 12 people after one year of operation.
- QGTIO Europe has been invited to become a founding member of a network to pursue opportunities arising from London's bid for the 2012 Olympic Games. The network will provide members with opportunities to access and influence thinking regarding the London 2012 bid, particularly offering Australian organisations the chance to capitalise on the 2000 Sydney Olympics. QGTIO Europe will be well positioned to recommend Queensland clients to the network.
- My Government, through QGTIO Europe, is committed to providing trade and investment advice to business and government to enhance Queensland's position in Europe.

## CORPORATE CREDIT CARD STATEMENTS - J Dawson

Statements for the period January 2002 - June 2004

### TOTALS OF STATEMENTS - AUSTRALIAN DOLLARS

Airfares	Taxis	Accommodation	Meals	Fuel	Hire Car	Telephone	Misc	Statement Total	Recoverables	Total Amount Met by Department
478.89	196.05	14,995.90	7,658.25				34.41	23,363.50	-62.27	23,301.23

#### Foot Notes:

- 1 The total amount includes recoverable costs which have been receipted by the QGTIO Europe. (ie. small amounts repaid by Mr Dawson when meal and hospitality costs exceed the allowable limits).
- 2 Misc expenditure includes items that do not fit into appropriate expenditure categories used in this summary.
- 3 All expenditure met by the Department is legitimate and has been incurred in the performance of official duties.
- 4 Meals includes expenditure on hospitality and entertainment as well as travel meals. Accommodation includes some expenditure on travel meals when charged to the hotel account as well as some expenditure related to the provision of hospitality for official functions.
- 5 The local market of QGTIO Europe includes UK and Europe and travel related expenditure is all related to the performance of official duties.
- 6 The fluctuation of the currency exchange rates had an impact on the Australian dollar value of the expenditure.

**COMMISSIONER KANG:-**

Commissioner Matthew Kang is the Commissioner for the QGTIO Korea.

Commissioner Kang's total expenditure on his corporate credit card for the period March 2001 up to June 2004 is A\$85,309.80.

**OVERSEAS OFFICE ACHIEVEMENTS – QGTIO KOREA**

- My Government's Trade and Investment Office (QGTIO) in Seoul is one of nine that currently comprise our international business network, designed to provide increased access to international market opportunities for Queensland.
- This Office was established in April 2001 and currently has a staff establishment of five, one of whom is participating in an exchange program with the Gyeonggi Provincial Government.
- The QGTIO Korea identified the opportunity for the first organic beef exports from Queensland to Korea. OBE Beef from Toowoomba sent a shipment of beef valued at approximately A\$0.085M to Korean importer, Woori Livestock.
- The QGTIO Korea, in collaboration with the Department of Primary Industries and Fisheries (DPIF), arranged a Queensland visitation program for senior representatives of Woori Livestock. The Korean company is expecting to increase Queensland organic beef imports significantly over coming months.
- The QGTIO Korea was successful in assisting the sale of 39 bloodstock racehorses, valued at approximately A\$1M. The Korean Racing Association (KRA) purchased 33 thoroughbred horses, valued at approximately A\$0.6M, and a delegation of 8 Owners, accompanied by QGTIO Korea, purchased an additional 7 thoroughbred horses, value at approximately A\$0.4M, as a result of attendance at the Magic Million (MM) auction in January 2004 and subsequent MM events.
- In collaboration with the Australian Quarantine Inspection Service (AQIS), the QGTIO Korea effectively lifted the 60 day Hendra Virus quarantine period imposed by Korea on Queensland horses exported to Korea.
- Complementing the sale of these thoroughbred race horses the QGTIO Korea promoted other Queensland racing industry capabilities to the KRA, resulting in 24 Korean jockeys being sent to the Gold Coast for a one month specialist training program. This specialist training is estimated to be valued at A\$0.14M.
- The QGTIO Korea identified an opportunity to increase exports of education products and services with the Korea Ministry for Education. In February 2004, 120 English teachers were recruited to attend Queensland institutions for TESOL training purposes. Another group of 95 Korean English teachers will participate in the same program in July 2004. - an export outcome valued at approximately \$0.9M for Queensland.
- Through the ongoing promotion of Queensland's education capabilities, QGTIO Korea identified sponsorship assistance opportunities for study tour programs to the University of Southern Queensland for 17 students in July 2003 as well as 15 adults in June 2004 and 30 students in July 2004. – an export outcome valued at approximately \$0.2M.

- The QGTIO Korea organised the participation of eleven Queensland companies in Food and Hotel Korea (March 2004), helping these companies to promote their products to a range of hospitality organisations in Korea. Companies are currently negotiating contracts as a result of this and other follow up activities.

**THE HONOURABLE MIKE AHERN:-**

The Honourable Mike Ahern was appointed as Special Representative for Queensland to Africa, The Middle East and India on a part-time basis, in January 2000.

Priority countries for Mr Ahern include: India, United Arab Emirates, Saudi Arabia, Qatar, Oman, Bahrain and Africa (mainly Egypt).

The Honourable Mike Ahern's total expenditure on his corporate credit card for the period March 2001 to April 2004 is A\$52,288.94.

## **THE HONOURABLE MIKE AHERN – SPECIAL REPRESENTATIVE**

- The Honourable Mike Ahern was appointed as Special Representative for Queensland to Africa, The Middle East and India on a part-time basis (minimum of 130 days per annum), in January 2000.
- Priority countries for Mr Ahern during 2003-04 include: India, United Arab Emirates, Saudi Arabia, Qatar, Oman, Bahrain and Africa (mainly Egypt).
- Mr Ahern's role in this position is to broaden the representation of Queensland's overseas interests with a particular focus on identifying and developing trade and investment opportunities and providing high level strategic advice to the Premier, senior Queensland Government Ministers and officials, and business people;
- A specific focus in this position is for Mr Ahern to build and maintain relationships with senior Government and business contacts in these markets in order to further develop trade and investment opportunities for Queensland. In 2003-04, Mr Ahern has led Trade Missions to:
  - India (4 to 16 November 2003);
  - Qatar (Doha) United Arab Emirates, (Dubai, Abu Dhabi, Sharjah and Ras Al Khaimah) - 10 to 19 February 2004;
  - India (9 to 12 March 2004).
- Some outcomes of Mr Ahern's Trade Missions in 2003/2004 include:
  - Lobbying the Karnataka Government Cabinet (India) for finalisation of the \$A300 million Brindaven Gardens Project in Mysore, on behalf of Mobius International. An announcement in relation to finalization of this contract is expected by the end of 2004 following the resolution of the formation of the Karnataka Government since the elections in May 2004;
  - Mr Ahern led Queensland's largest trade mission to India in March 2004, with 11 Queensland companies being represented on a Queensland Tourism Infrastructure Trade Mission. This trade mission focused on meetings with Sahara India, the world's largest private employer, which is developing ecotourism and residential developments throughout India. As a result, Queensland firms are discussing contracts in the areas of environment management, eco-tourism and marine. Sahara India officials subsequently visited Queensland in May 2004 to attend the Sanctuary Cove Boat Show and two Queensland firms are currently negotiating contracts in relation to the supply of marine vessels to Sahara India.
  - Mr Ahern successfully negotiated with GHD for the placement of a Queensland Government representative in their offices in Doha, Qatar, to identify opportunities for Queensland companies in the 2006 Doha Asian Games and the infrastructure development of Qatar.
  - Emirates Airlines has commenced flying to Queensland and a proposal has been prepared to encourage Emirates Airlines to fly to Cairns. The airline is developing an eco-resort on the Atherton Tableland and Mr Ahern has met with Emirates officials on numerous occasions to assist;
  - Business cases are being prepared in association with Tourism Queensland for presentation to Gulf Airlines and Qatar Airlines to fly to Brisbane;

- The MOU with the Abu Dhabi Chamber of Commerce and Industry (ADCCI) on commercial co-operation on trade and investment matters, has further developed interests with Queensland companies. A number of Queensland companies have been introduced to the ADCCI and results are expected for Wagner Quarries (a construction materials company), Green Concepts (an amenity horticulture company) and Charters Towers Gold (gold processing company).
