March 2019

Minister's Preface

I am pleased to provide Parliament with a report on the operation of the *Right to Information Act 2009* and the *Information Privacy Act 2009* regarding access and amendment applications for the 2017-18 reporting year.

These Acts give people a right of access to information held by the government, while this annual report provides essential statistical information about how the Acts operate across government agencies.

I am heartened to see a continuing increase in Right to Information and Information Privacy applications by Queenslanders, and take this as a sign of people engaging with the process and valuing transparency in government.

It is also good to see our government agencies furthering their efforts to make the process of accessing information easier through actions such as being proactive in the release of agency documents through the publication scheme and disclosure log, and seeking to improve accountability.

For the 2017-18 reporting year, all figures have been reported based on the actual applications processed by individual Right to Information and Privacy units.

Explanation of terms used in this report

Term	Explanation
Access application	An application for information made under either the RTI Act or Chapter 3 of the IP Act.
Access charge	Charges prescribed under a regulation and payable for being given access to documents. In the reporting period, for example, black and white photocopying charges were 25 cents for each A4 page.
Amendment application	An application made under the IP Act to have personal information amended on the basis that it is inaccurate, incomplete, out of date or misleading.
Application fee	The fee prescribed in the RTI Regulation and payable for an access application under the RTI Act. In the reporting period, the application fee was \$48.00.
Business and Corporate Partnership	The business unit within the Department of Environment and Science (DES) which provides right to information and information privacy services to the following departments: Agriculture and Fisheries; Employment, Small Business and Training; Environment and Science; and Natural Resources, Mines and Energy
Internal Review	A review of a decision within an agency by a person who is no less senior than the original decision maker.
External Review	A review by the Information Commissioner of a decision made by an agency or Minister.
Processing charge	Charges prescribed in the RTI Regulation for searching for, or retrieving a document, and making, or doing things related to making, a decision on an application. In general, processing charges are payable for RTI Act applications where an agency or Minister spends more than five hours processing an application. In the reporting period, the processing charge was \$7.45 for each 15 minutes or part thereof.
Portfolio/agencies	Portfolio/agencies within a Minister's administrative responsibility are reported on under the relevant department's heading, e.g. the Justice and Attorney-General portfolio includes DJAG and the Office of the Attorney-General and Minister for Justice and Leader of the House, as well as agencies such as the Legal Services Commission and the Electoral Commission of Queensland, all of which are reported under the DJAG heading.
State Government agencies	Includes departments, Ministers, portfolio agencies, statutory authorities, local governments and hospital and health services.

Overview

This annual report covers the 2017-18 financial year regarding the operation of the *Right to Information Act 2009* (RTI Act) and the *Information Privacy Act 2009* (IP Act).

The primary object of the RTI Act is to give a right of access to information in the government's possession or under the government's control unless, on balance, it is contrary to the public interest to give the access.

The IP Act works in parallel with the RTI Act and provides for the fair collection and handling of personal information by Queensland Government agencies and a right of access to, and amendment of, personal information in the government's possession or under the government's control unless, on balance, it is contrary to the public interest.

The IP Act sets out 11 Information Privacy Principles (IPPs) with which all agencies must adhere, except for Queensland Health, which is subject to the National Privacy Principles (NPPs). The IPPs and NPPs govern how Queensland Government agencies collect, store, use and disclose personal information.

Releasing government information

The process of routinely releasing government information to the public is commonly referred to as the "push" model. Under this model, information is released administratively via mechanisms which include agencies' publication schemes and disclosure logs. As a result, access applications for information under the legislation are provided as a mechanism of last resort.

Publication Scheme

A publication scheme is a structured list of an agency's information that is readily available to the public, free of charge wherever possible. Every government agency which is subject to the RTI Act must have a publication scheme.

Disclosure Log

Disclosure logs form part of the "push" model where information released under an RTI application is made available for access to the public by being published on agency websites. They provide speedy access to information already released under the RTI application process. They can provide a cost and time benefit to both the individual and agency by reducing the number of additional applications under the RTI Act for the same information.

Furthering the objects of the Acts

In the reporting period, State Government agencies made efforts to further the objects of the RTI Act and the IP Act. This information is summarised in Appendix 30.

Reporting requirements

Legislative basis

Section 185 of the RTI Act and section 194 of the IP Act require statistical and other information to be collected from Ministers and agencies. Each requirement is outlined as follows:

- *section 185(1) RTI Act* and *section 194(1) IP Act* require the Attorney-General and Minister for Justice to prepare the report and table it in Parliament.
- *section 185(2) RTI Act* and *section 194(2) IP Act* refer to the *Right to Information Regulation 2009* (the RTI Regulation) and the *Information Privacy Regulation 2009* (the IP Regulation) which set out the details of the information required to be included in the report (*refer to Appendix 30*).
- *section 194(3) IP Act* provides that an annual report under this section may be included as part of an annual report the Minister is required to give under the RTI Act.

Summary of data

This report includes statistics on both the RTI Act and IP Act for the period 1 July 2017 to 30 June 2018.

Data from all Ministers and agencies covered by the RTI Act and IP Act were collected and collated by Right to Information and Privacy, Department of Justice and Attorney-General (DJAG) for inclusion in this report.

The detailed data for Ministers and agencies is set out in Appendices 1-29 of this report and includes information required under:

- section 8(a) - (g) and (j) of the RTI Regulation; and
- section 6(a) - (g) and (j) of the IP Regulation.

For the 2017-18 reporting year, all figures are reported based on the actual applications processed¹ by individual RTI and Privacy units, unless otherwise indicated in the tables.

Disciplinary action

For the 2017-18 year, Ministers and agencies advised no disciplinary action was taken against any officer in relation to the administration of the Acts under section 8(h) of the RTI Regulation and section 6(h) of the IP Regulation.

Proceedings brought for offences

Ministers and agencies advised no proceedings were brought for offences under section 175(1) or (3) of the RTI Act or section 184(1) or (3) of the IP Act (section 8(i) of the RTI Regulation and section 6(i) of the IP Regulation).

Relevant facts indicating efforts by agencies or Ministers to further the objects of the RTI Act and IP Act (section 8(k) of the RTI Regulation and section 6(k) of the IP Regulation)

Appendix 30 summarises the efforts made by Ministers and agencies during the 2017-18 financial year which build on efforts made in the previous year.

¹ It should be noted that the received and finalised application numbers may have been counted by two agencies depending on the method agencies used to manage applications affected by the 2017-18 machinery-of-Government changes.

Machinery of Government (moG) changes

Following Queensland's State election on 25 November 2017, the Government announced changes to the structure of portfolios and organisational units within government departments.

Three Administrative Arrangements Orders and one Administrative Arrangements Amendment Order made by the Governor in Council applied to this reporting period, namely:

- Administrative Arrangements Order (No. 2) 2017 (with effect from 16 February 2017)²
- Administrative Arrangements Order (No. 3) 2017 (with effect from 12 December 2017)
- Administrative Arrangements Order (No. 4) 2017 (with effect from 21 December 2017)
- Administrative Arrangements Amendment Order (No. 1) 2018 (with effect from 8 February 2018)

Non-compliant access applications

If an application fails to comply with the requirements under the legislation, even after consultation with the applicant, a Prescribed Written Notice (PWN) of the decision is sent under section 33 of the RTI Act and section 53 of the IP Act – *Noncompliance with application requirement*. This allows the applicant rights of review.

Noncompliant applications are not included in this report, except when the application was subject to an internal review, as it is not a requirement of either the RTI Regulation or the IP Regulation.

Overview and comparison

Detailed information for each agency is presented in the Appendices 1 - 29 and summarised in the tables and figures below. The information reported is based on the actual applications processed by individual right to information and information privacy business units within State Government agencies.

Table 1 presents summary information about 2017-18 activity by agency.

It shows:

- the total number of RTI/IP access and amendment applications received as 14,870, an increase from 14,143 applications in the previous year.
- the total number of pages considered was 2,775,977 representing a 3 per cent increase from 2,693,128 in 2016-17.
- internal reviews of 307 compared with 260 for 2016-17.
- external reviews of 531 compared with 408 for 2016-17.
- fees received totalling \$543,765 in 2017-18 compared with \$567,788 in 2016-17.

² Administrative Arrangement Order (No. 2) 2017 (16 February 2017) applicable at the commencement of the reporting period being 1 July 2017.

Note: Agencies have been listed in order of 'total applications' received – from highest number of applications to least amount of applications.

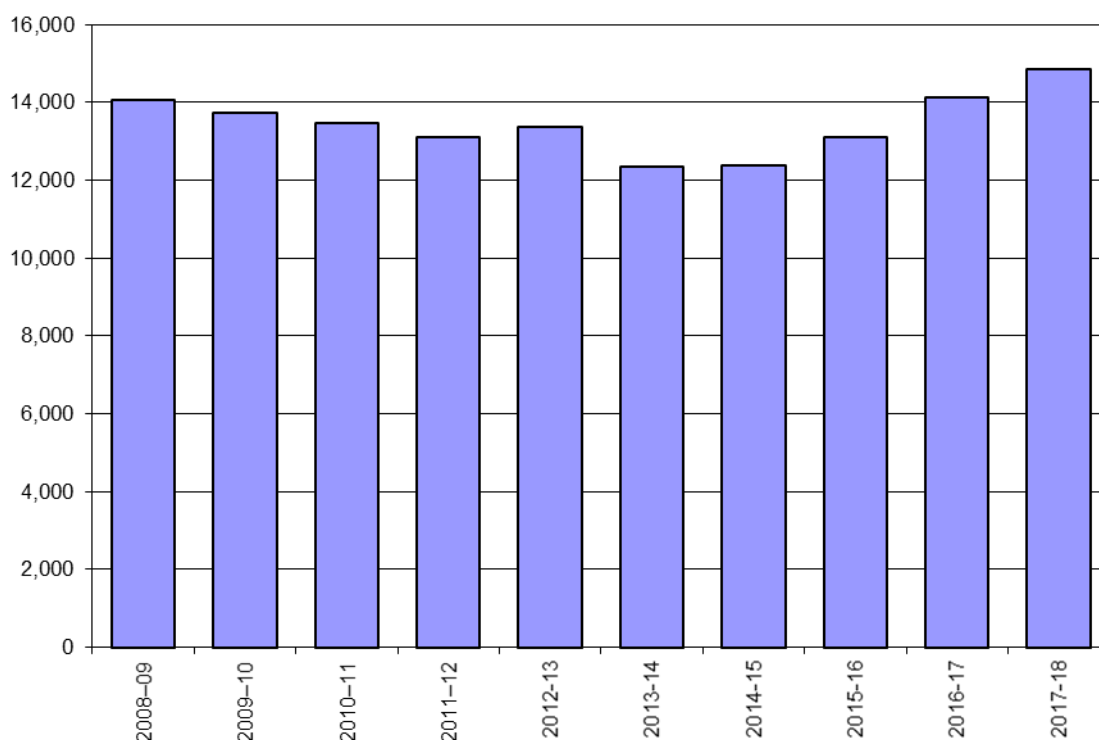

³ Statistics in relation to applications for external review of decisions by Ministers and agencies may differ from those reported in the 'Office of the Information Commissioner (Queensland) Annual Report 2017/18' depending on how agencies have captured information regarding correspondence from the Office of the Information Commissioner. For example when OIC seeks information from agencies relating to an external review request that it has received and then decided not to accept.

⁴ There has been an increase in applications made to the Department of Aboriginal and Torres Strait Islander Partnerships for the reporting period 2017-18 due to the Stolen Wages Reparations Scheme class action.

⁵ The Department of Science, Information Technology and Innovation was abolished as a result of moG changes effective 12 December 2017. Therefore, these figures are for the period 1 July 2017 to 11 December 2017.

Figure 1 shows the total number of RTI/IP access and amendment applications received over the last ten years by State Government agencies. These applications have increased between 2016-17 (14,143) and 2017-18 (14,870). These figures include both applications for information (access applications) and applications to have personal information amended on the basis it is inaccurate, incomplete, out of date or misleading (amendment applications).

Figure 1. Number of RTI/IP access and amendment applications received, 2008–09 to 2017–18

NB. For the reporting period 2008-09, applications were made under the *Freedom of Information Act 1992*.

Table 2 sets out the percentage of pages released in full (with no information deleted) or part (with only some information deleted) by all State Government agencies in response to access and amendment applications. These percentages are based on a comparison of the total number of pages released with the total number of pages considered when assessing applications.

APPENDIX 3 – Agriculture and Fisheries

Note:

- On 12 December 2017 the Department of Agriculture and Fisheries (DAF) gained the Queensland Racing Integrity Commission (QRIC) as an administrative reporting responsibility from Queensland Treasury. QRIC has a statutory reporting relationship to the Minister for Local Government, Minister for Racing and Minister for Multicultural Affairs.
- Statistics for QRIC for the period 12 December 2017 to 30 June 2018 are included in this Appendix.

Notes about Appendices 1 to 29

Deletion where no data returned

Where an agency has submitted a 'nil return' the line has been deleted from the table.

Disclosure logs section 8(d) RTI Regulation

A disclosure log makes information disclosed to an applicant under the RTI Act available to a wider public audience. The RTI Act requires documents accessed by applicants, that do not contain the applicant's personal information and subject to certain other limitations (refer to section 78B(2) of the RTI Act), to be published to an agency's disclosure log as soon as possible after the applicant accesses the documents.

Section 78B(2) states –

Without limiting subsection (1), an agency must delete from any document or information included in a disclosure log under section 78 or 78A, any information (including an individual's name) –

- (a) the publication of which is prevented by law; or*
- (b) that may be defamatory; or*
- (c) that, if included in the disclosure log, would unreasonably invade an individual's privacy; or*
- (d) that is, or allows to be ascertained, information –*
 - (i) of a confidential nature that was communicated in confidence by a person other than the agency; or*
 - (ii) that is protected from disclosure under a contract; or*
- (e) that, if included in the disclosure log, would cause substantial harm to an entity.*

Total pages published to an agency's disclosure log for the period 1 July 2017 to 30 June 2018 is outlined in Table 4 for each individual agency.

Recording refusal of access – section 8(c) RTI Regulation and section 6(c) IP Regulation

Section 47(3)(a) of the RTI Act provides that access to a document may be refused to the extent the document comprises exempt information under section 48. Section 48(4) of the RTI Act (exempt information) defines exempt information as information that is exempt information under Schedule 3. Refusals of access to exempt information may therefore be recorded as either refusals under section 48 or Schedule 3.

Section 47(3)(b) provides that access to a document may be refused to the extent the document comprises information the disclosure of which will be contrary to the public interest under section 49. Schedule 4 then sets out the factors for deciding the public interest. Refusals of access to 'contrary to the public interest' information may therefore be recorded as either refusals under section 49 or Schedule 4.
