Dear Mr Laurie

Neil,

Thank you for your letter of 20 March 2018 regarding petition number 2883-18: Transport/Infrastructure concerns within the Warner Investigation Area.

I acknowledge the concerns raised in the petition about the proposed planning scheme amendments put forward by the Moreton Bay Regional Council, and I appreciate the community's interest in these matters.

The proposed planning scheme amendment includes several changes, some of which affect the Warner Investigation Area referred to in the petition.

The proposed amendments are currently being reviewed by the Department of State Development, Manufacturing, Infrastructure and Planning (the department). This review is complex due to the nature and volume of changes contained within the amendment package.

The department will consider the issues raised in relation to the Warner Investigation Area and all impacts on state interests as part of its review. This includes the state interests, related to transport infrastructure and infrastructure integration, as outlined in the State Planning Policy. Following this, the department will provide a recommendation for my consideration.

I would like to thank the petitioners for raising this matter with me and I trust this information is of assistance.

Yours sincerely

CAMERON DICK MP
Minister for State Development, Manufacturing,
Infrastructure and Planning
