13 JUN 2013

Mr Neil Laurie  
The Clerk of the Parliament  
Parliament House  
George Street  
Brisbane Qld 4000

Dear Mr Laurie 

I refer to petition number 2120-13 lodged with the Legislative Assembly by Mr Steven Bennett MP, Member for Burnett on 22 May 2013 about potentially opening the Isis Junction railway station.

The Member lodged a similar petition number 2039-12 which I responded to on 22 May 2013. I can confirm Queensland Rail's position remains that this is not a suitable station to reopen due to the cost of the works, the historically low patronage and the location's proximity to Howard and Bundaberg.

Yours sincerely

  
Scott Emerson MP  
Minister for Transport and Main Roads
