Dear Mr Laurie

Neil,
Thank you for your letter of 22 March 2018 regarding petition number 2900-18: One Mile Creek dredging and boating access.

The development was established under a deed between the State, the Commonwealth, the Cassowary Coast Regional Council, and the developer (the Williams Corporation). The deed was executed by parties in 1994.

In line with the deed, the developer is responsible for the maintenance of the canal, access channel, marina basin, and sewage treatment plant.

I understand that Passage Holdings agreed to take on responsibility for dredging the canal when it took over the development, and that agreement now sits with its liquidators.

I thank the petitioners for raising this matter with me and I trust this information is of assistance.

If further information is required in relation to this letter, petitioners may contact Gillian Mayne, Director Property Queensland, Major Projects & Property, in the department on (07) 3245 7920 or gillian.mayne@dsdmip.qld.gov.au, who will be pleased to assist.

For information relating to the role of the Volunteer Marine Coast Guard in assisting in QPS coordinated marine rescue services, please contact Greg Ringuet, Inspector Water Police on (07) 3895 0333 or greg.ringuet@police.qld.gov.au.

Yours sincerely

CAMERON DICK MP
Minister for State Development, Manufacturing,
Infrastructure and Planning
