6 December 2006

Mr Neil Laurie  
The Clerk of the Parliament  
Queensland Parliamentary Service  
Parliament House  
George Street  
BRISBANE QLD 4000

Dear Mr Laurie

I am writing with reference to a previous response submitted by myself in relation to petition number 733-06 in support of the Coalition to Investigate the Persecution of Falun Gong (CIPFG) to investigate forced organ harvesting allegations and the illegal detention of Falun Gong practitioners in detention centres, labour camps, prisons and hospitals in China.

I wish to clarify the information provided in this letter regarding the practices of the Princess Alexandra and The Prince Charles Hospitals in relation to links between Queensland and Chinese transplant surgeons.

The Princess Alexandra Hospital and The Prince Charles Hospital are the two major transplanting centres in the state. The philosophy and practices of the medical community in these institutions do not support practices which may restrict the liberty of an individual to freely give consent to donation.

This position was developed prior to the allegations made by the Falun Gong and so was not influenced by this particular group. It is in line with the ethical and moral standards of the Transplantation Society of Australia and New Zealand, World Health Organisations and International Transplant Societies.

Based on these ethical principles, the medical transplantation fraternity had established a position of not training Chinese doctors in transplantation techniques or transplant research related areas since the practice of retrieving organs from executed prisoners became known to them several years ago.

Should you have any queries regarding my advice to you, Ms Karen Ryan, A/Manager, Policy and Legislation Branch, will be pleased to assist you and can be contacted on telephone 323 40852.

Yours sincerely

**STEPHEN ROBERTSON MP**
