Dear Mr Laurie

I refer to E-Petition No. 4009-23 titled 'Emissions reduction target', which was tabled in the Legislative Assembly on 13 February 2024.

I thank Mr Tony Magrathea and other petitioners for their interest in this matter.

On 14 February 2024, the Premier of Queensland introduced the Clean Economy Jobs Bill 2024 into the Queensland Parliament.

This Bill is currently before the Clean Economy Jobs, Resources and Transport Committee.

I will take into account the Committee report, and will consider this petition in the same way as submissions to the Committee in preparing any advice to Government in advance of the second reading of the Bill.

I thank you for your advocacy of this issue.

The Queensland Climate Action Plan website further identifies how individuals, businesses, industry and local governments can take climate action, and I would encourage you to stay up to date on these by visiting the following website www.des.qld.gov.au/climateaction/take-action.

I hope this information answers your enquiry. If I can help with other matters within my portfolio, please contact my office on (07) 3719 7270.

Yours sincerely

Mick de Brenni MP
