

**Question on Notice**

**No. 92**

**Asked on Wednesday, 6 March 2013**

**MR MULHERIN** asked the Minister for Transport and Main Roads (MR EMERSON) —

**QUESTION:**

With reference to page 80 of Budget Paper 4 for 2012-13 and savings in 2012-13 through the revision of the Transport Service Contract (Rail Infrastructure)—

Will the Minister provide a list of all staff positions that have been made redundant and provide for each the position description, position location and amount saved?

**ANSWER:**

I thank the Member for Mackay for the question.

Queensland Rail's redundancies resulted in a labour cost savings of \$44,990,199. Redundancies were offered through both a voluntary redundancy scheme, and by exercising the redundancy provisions of senior management contracts, on a case-by-case basis.

A list of redundant positions and their location are noted in **attachment 1**. Please note that some position titles include multiple positions.

## Attachment 1 - List of jobs and location

Location	Position Title
